SHIATSU

A blissful, relaxing and comforting  
shiatsu experience.

Japanese “anma massage”  
was developed and refined  
over a long period of time.  
Designed to replicate  
its hand techniques  
for pressing the shiatsu  
or acupuncture points,  
Style SHIATSU precisely relaxes  
the body and pleasantly promotes  
blood circulation. Enjoy a moment  
of blissful comfort in your everyday life.

# Presenting a real shiatsu sensation to ease stiffness and promote blood circulation.

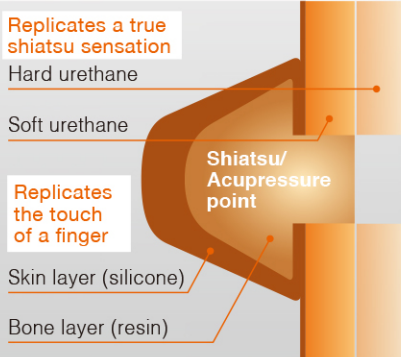

**8 shiatsu points**  
to cover the back and lumbar area

8 shiatsu or acupressure points are positioned to widely support the back and lumbar area. These points accurately apply pressure to relieve persistent stiffness.

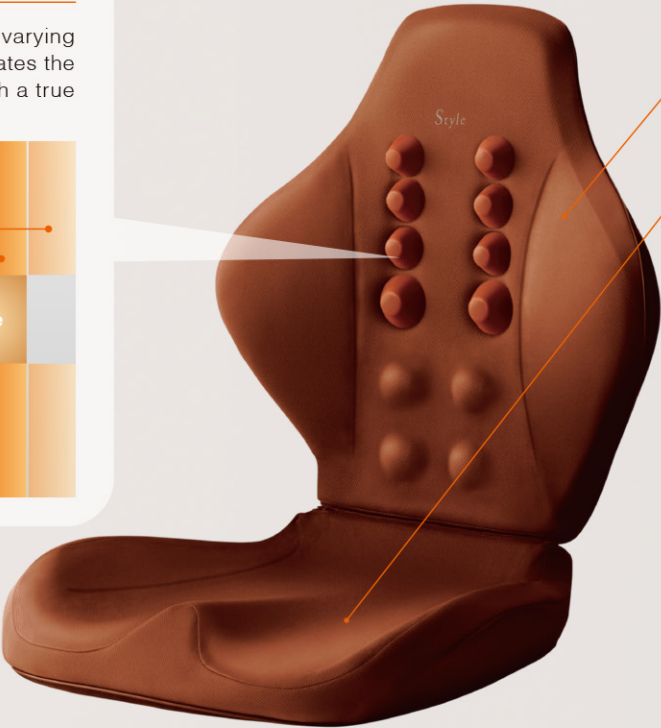

**Real Grip structure**  
replicates professional hand techniques

By stacking urethane material of varying firmness, the seat cushion replicates the gradual pressure associated with a true shiatsu sensation.

- Relieves stiff muscles
- Eases tired muscles
- Improves blood circulation
- Beneficial to health
- An anma or shiatsu substitute

Featuring functions to support a full shiatsu experience.

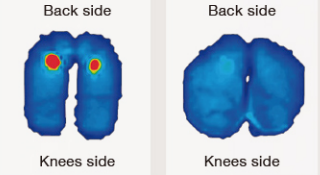

**Slide Guard**

Allows accurate pressure application to relieve stiffness by preventing the body from slipping sideways.

**Curved Body-traced Surface**

The curves that fit with the body avoid pressure on the muscles and support a stable sitting posture.

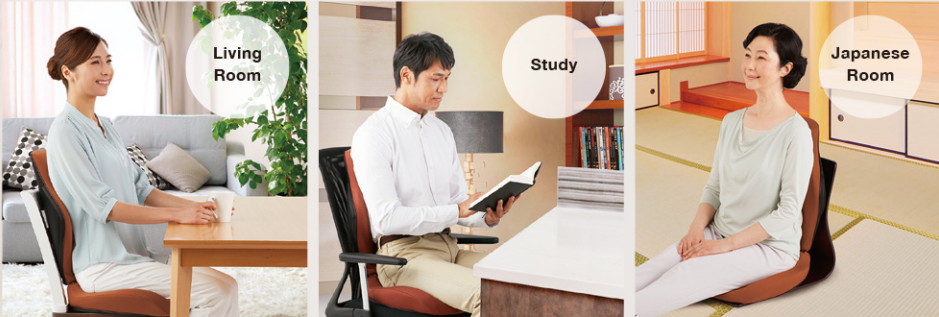

Disperses body pressure and reduces the burden on your body.

Enjoy a shiatsu experience whenever and wherever you sit.

Sitting in a proper posture is important in relieving the stiffness in your back and lumbar area.

By sitting stably in the seat that fits along the body, you can prevent your pelvis from tilting back or slipping sideways. When your pelvis is stable, it is easier to maintain a proper posture that will ease the pressure on your back and lumbar area. Furthermore, you can relieve the stiffness in your back by relaxing in the seat.
